DID YOU KNOW?

In the absence of Canadian law,
abortion is available on demand all
9 months of pregnancy.

This includes surgical and suction
dilation and curettage, saline,
prostaglandin and "other" methods,
e.g. "partial birth".

DID YOU KNOW?

Abortion was legalized
over 40 years ago, before
ultrasounds, embryology and
medical advances
introduced us to
babies before
they were born.
